INTRODUCTORY

In presenting the fifteenth issue of the San Jose City and Santa Clara County Directory the publishers believe that it will compare favorably with any previous issue. The increase in the number of pages and of names is sufficient evidence of the growth of the city and the county.

We extend our thanks to the people of Santa Clara County for their uniform courtesy to our solicitors in quest of information and to the merchants for their patronage, which we trust is well deserved and will prove a good investment.

POPULATION

The present volume contains by actual count **25,033** names, exclusive of married women, students, girls who have no occupation, children and Orientals, an increase of 1063 names over the 1922 issue. Using the multiple found to be accurate by Directory Publishers, this gives a population for San Jose City of **66,755**, an increase of 2835 over 1922.

Respectfully,

POLK-HUSTED DIRECTORY CO.

February 1, 1923.

POLK-HUSTED DIRECTORY CO'S SANTA CLARA DIRECTORY OF HOUSEHOLDERS 1923

In the following list, the Streets, Avenues, etc., are arranged in alphabetical order without regard to location. The number of each residence building on the street is given in numerical order, and opposite the number is printed the name of the householder or householders. Houses that remained vacant at the close of the canvass have the word "Vacant" printed opposite the numbers. Houses with no numbers are not given. To find the occupation of householder, refer to the alphabetical list of names.

To phone a person whose name does not appear in the City Telephone Directory, look said person up in alphabetical section, ascertain the house number, refer to "Householders' Guide" for corresponding street and number and the householder or householders' names appear, they being in phone book if there is a phone in the house. If no phone in the house neighbors on each side will be seen before and after name, also people opposite.

LEAN'S

--the Anniversary Store

WE have helped so many men choose anniversary gifts that are treasured and shown with much pride and joy, that ours has come to be known to many as The Anniversary Store.

Instead of a box of candy or flowers, whose beauty lasts but a day, why not this time give your Wife a happy surprise—let us make over her old brooch or ring into a beautiful modern piece of jewelry that she will delight in wearing; or present her with a fine wrist watch—ask us for other Anniversary Gift suggestions.

DIRECTORY OF HOUSEHOLDERS

1923

In the following list, the Streets, Avenues, etc., are arranged in alphabetical order without regard to location. The number of each residence building on the street is given in numerical order, and opposite the number is printed the name of the householder or householders. Houses that remained vacant at the close of the canvass have the word "Vacant" printed opposite the numbers. Houses with no numbers are not given. To find the occupation of householder, refer to the alphabetical list of names. For location of Streets, Avenues, etc., see pages 21-25.

To phone a person whose name does not appear in the City Telephone Directory, look said person up in alphabetical section, ascertain the house number, refer to "Householders' Guide" for corresponding street and number and the householder or householders' names appear, they being in phone book if there is a phone in the house. If no phone in the house neighbors on each side will be seen before and after name, also people opposite.

CAUTION

PAY no money in advance to itinerant Directory Canvassers. We are lead to mention this from the fact that certain parties have been fraudulently using our publications as specimens and by that means collecting moneys in advance. *Before signing an order see that it has the name of POLK-HUSTED DIRECTORY CO. printed thereon.* We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.
